

Dear Friends,

You may remember that a few weeks ago I sent out a letter explaining how important the Hemophilia Center has been in improving the quality of life for my grandsons, William and Jacob, and their parents.

We've noticed that you have not yet responded to our annual request and just want to remind you how much we are counting on your support!

We all pray for a cure for bleeding and blood-related disorders, but until that happens, we depend on our local Hemophilia Center to patiently, lovingly and expertly tend to our needs.

Please search your hearts and give generously. My grandsons and future generations of children and their families are counting on you!

Vicky Steele

*Your gift is fully tax-deductible and most appreciated!*
